8:45-9:35am Ballroom	Red Nose Safe Sleeping Workshop.
9:40- 10:30am Ballroom	Ben Wood Illustrations Creating a story can be hard. Drawing pictures for a story can be too! What does the character look like? Where does the character live? Does the character like to eat socks? These are just some of the questions an illustrator has to think about when drawing a story. Ben allows creative time throughout this step-by-step workshop. This is a fun presentation that explores how a picture book can be made, and will get you thinking about ways to encourage both reluctant and avid...
10:30- 10:50am Breakout room	Morning Tea

Square Room

[Toni-Marie Aston - 2aT Startup - Website](#)

Combining both her passion of supporting small business with her expertise in digital marketing and branding, Toni took the leap and quit her successful role as an eComm and Digital Marketing Manager. And in December 2015 she launched 2aT Startup, with a mission to not only support small business, but also to educate them about what makes a great brand both off and online.

Toni will cover:

- What makes a great website
- knowing your audience
- setting goals for...

Hampton
Room

[Helen Godfrey- Building resiliency through risk taking](#)

In this society now, many children are prevented from pursuing risk-taking activities because their careers and parents are fearful they may hurt themselves or fail. Allowing children to take risk enables them to develop awareness of their capabilities, develop skills, assess risks and problem solve. These experiences help children learn resiliency. Resiliency is one of the most important skills people need to develop to cope with life's challenges.
